

2017 TREE & SHRUB ORDER FORM

Quantities are limited – order today for best selection!

Order form and payment due: Friday, April 21st, 2017

Pick Up: Saturday, April 29th, 2017 - 8am to 11am

The City is pleased to once again offer residents an annual tree and shrub sale to help diversify properties. We encourage replanting a diversity of species due to Emerald Ash Borer and other future pests or diseases. Residents can purchase up to **3 trees and 8 shrubs per residence** at wholesale prices.

Trees

Swamp White Oak 6' Tall Bare Root Height

Native in lower Mississippi river bottoms, produces acorns, bark turns shaggy with age, leaves persistent into winter, med-fast growth rate, does well in poorly drained soils, drought tolerant, resistant to oak wilt. Trunk should be wrapped each winter until bark thickens. *Mature height: 50-60'*

Red Oak 6' Tall Bare Root Height

Fast-growing native oak; rounded symmetrical habit when older. Glossy, dark green leaves have pointed lobes, turn bright red in fall. MUST BE PRUNED IN WINTER TO AVOID OAK WILT. *Mature height 60-80'*.

Cathedral Elm 6' Tall Bare Root Height

A hybrid of Japanese and Siberian Elm that most resembles Japanese Elm at maturity. Disease resistant. Developed at the University of Wisconsin. *Mature height: 40-50'*.

River Birch 6' Tall Bare Root Height (3-stem clump)

Tan-brown shaggy bark. Resistant to bronze birch borer, small seeds attractive to birds, grows well in most soils, prefers full sun, tolerates partial shade, yellow fall color. *Mature height: 40-50'*.

Hackberry 8' Tall Bare Root Height

Fast-growing native tree with unique gray, corky bark. Tolerant of harsh urban conditions. *Mature height: 50-75'*

American Ironwood 8' Tall Bare Root Height

Native hardwood tree, slender branching habit with oval head, attractive brown leaves that stay on all winter. *Mature height: 30-50'*.

Prairifire Crabapple 5' Tall Bare Root Height

Medium size ornamental tree, upright branching, purple-red flowers in spring, bright red fruit stays on tree well into winter, attracts wildlife, very good disease resistance, medium growth rate, prefers full sunlight and well-drained soil. *Mature height: 15-20'*.

Autumn Brilliance Serviceberry 5' Tall Bare Root Height

Ornamental tree that becomes rounded with age. White flowers in abundance in spring, followed by edible, sweet, purple-black fruit. Clean summer foliage turns a brilliant red in fall. Prefers moist, well-drained. *Mature height: 20-25'*

Black Hills Spruce 24" Tall

A spire-like evergreen, dense and compact foliage, green short needles, very tough and highly adaptable, prefers full sun and grows in variety of soils, medium growth rate. *Mature height: 40-60'*.

Shrubs

Smooth Sumac 2-3' Tall Bare Root Height

Native, spreading shrub with brilliant red fall color. Green flowers in July and August followed by scarlet fruit clusters in September. Suckering tendency makes it suitable for banks or naturalistic plantings. Does well on most sites, prefers sandy soils. Plant in full sunlight. *Mature height: 10'*.

Common Ninebark 2-3' Tall Bare Root Height

Arched branches with lobed leaves and showy white flowers in the spring. Five pedal flowers appear dense similar to a spirea. Versatile shrub tolerating dry and wet soils. Fast growth rate. *Mature height: 3-10'*.

Red Dogwood 2-3' Tall Bare Root Height

Fast-growing shrub with good red stem color. White flowers in late spring followed by white berries in the fall. Shade and moisture tolerant. *Mature height: 8-10'*.

White Snowberry 2-3' Tall Bare Root Height

A broad, rounded shrub with blue-green leaves. Small pink flowers in June followed by persistent white fruit. Tolerates clay soils. *Mature height: 4-6'*.

Meadowlark Forsythia 2-3' Tall Bare Root Height

Large shrub with semi-arching branches and dark green foliage. Showy yellow flowers bloom in early spring. *Mature height: 8-10'*.

Free Woodchips available.
Please bring your own container(s).

They will be ready for their new home as soon as you pick them up! Please be prepared to plant!
All trees and shrubs are bare root with the exception of the Black Hills Spruce.
